This all started about Friday when Adam was going on a rant to me about how I am this horrible person and how Chris and Danielle caused all this and we could be together if it wasn't for them. He still thought I loved him and wanted to be with him, but it's their fault we are not together. He was threatening me that he would make a fake Myspace and post my letter to Zachary and court documents so they know, they being my friends, why I am on probation. I basically told him I didn't care and nobody would believe him anyway, so he got pissed off and said he was blocking me out of his life and he might post the Myspace, I didn't care and I ~~got~~ went to bed and when I woke up there were about 7-10 emails from Adam and in the last one he made suggestions he

overdosed on his medicine, and he had done it while writing the emails. so it also said about the fake myspace that was created and I saw it and contacted Myspace to have them take it down, I told them that he made it and to delete the account and ~~mine~~ his account and block his I.P. address so he couldn't access the website altogether. During this time I wasn't sure if he killed himself and I saw he hadn't been online ect, so I pondered the thought if he did or not. Later that night I see my fake Myspace was deleted and I thought all was well. Yesterday afternoon I saw Adam had been online because of last login on his Myspace, and I knew he was alive and thought he would leave me alone. Later I message him and say I know he's alive, and right after I get an email saying that he isn't going to stop the fake Myspaces and will make them over and over.

so I look and he made another one and I get a friend request from him (pretending to be me) and I get another email saying he is going to come in my school and pass out my letter to zachary and court documents, and in the end it says he will have other people do it for me. I ignore it and I message myspace again saying the same thing as before, and then I get another email saying that if I don't ~~take~~ take my personal myspace off ~~the~~ private he will post ~~made~~ pictures of me on myspace. and if I don't respond or talk to him. I email him back saying to stop being an idiot and to call me and then he messages me on myspace again and says to give him my pass words to all my accounts, and I reply by saying to call me, and

he messages me again, I can't remember what it says, but it's along the same lines as the others. Then he calls me and I try to tell him this is not the way to get me to love him ect. and he just rants about my dad and danielle and he threatens more Myspace stuff, and I say do it, and I am not afraid of him. so he hangs up, calls back a couple of times with the same conversation and then he calls and asks to see me tonight, I tell him no way at first and he tries to get me to sneak out ect and I refuse and say come over to my house, and he says no at first then gets desperate and decides he will, so he calls me before he's about to get to my house and he asks what to do. I say to be quiet and come through the side door and I will let him in, and he comes at the door, I let him in, and he goes upstairs, but danielle comes out
